Plan for Inclement Weather

Please know that your son's safety is our number one priority. This simple plan allows us to keep him safe and hopefully continue playing and training while he's with us in spite of inclement weather or other unforeseen circumstances.

To prepare for this possibility, players should **bring indoor soccer shoes or sneakers** to camp every day so we can continue with training, games, contests, etc. inside.

If there is thunder or lightning, or if there is any other hazard posed by being outside, we will immediately seek shelter; and if it is clear that the bad weather will continue or that there is no chance to get back out on the field, we will try to continue with camp at indoor locations, which are as follows:

1. St. Charles Gymnasium or Multi-Purpose Room, Main Campus (adjacent to the stadium field)

2. St. Charles Robotics and Mentoring Center, just west of our West Campus athletic facility: From Main campus, head right/west on Broad St., turn right/north on Nelson Rd. (first light), turn left/west on Long St. (first light), pass the West Campus facility on your right, cross under the RR bridge and the facility is immediately on your right.

We will most likely be on Main Campus (#1). If it is necessary to move off of Main Campus, the older players will probably be the first to go that way (#2). We will do our best to make coaches visible at pickup time to direct parents. Feel free to contact Coach Rick Ey (614) 638-4287.

Social Media

Sometimes we like to post news and photos of our soccer activities to our social media pages. This summer camp is such a positive for us that we like to celebrate it, but we also understand if parents are uncomfortable with their son's image being posted online. If this is your preference, please do not hesitate to contact Coach Ey to tell him explicitly that you do not want your son's image posted online. We will honor your wishes.
