Size(s) N/A

Quantity _____

Max. Price Estimation ~ \$30

St. Charles Fishing Club

Thank you for your consideration. **THIS IS NOT A FINAL DECISION!** Once we tally up the totals of everything another form will be sent home with final prices of products. If there is an item that becomes unavailable due to lack of demand then it will be taken off the list. These items can be purchased **CASH ONLY** because we are not yet advanced enough to take cards at the time.

These products make great gifts for anyone in the family or your friends, especially with Christmas being right around the corner. And the more orders we get, the less the products will cost for everyone so spread the word.

Any and all profit made will go straight into supplying kids with tackle and rods so that way we can keep on fishing throughout the school year.

Any further questions about the products presented here or about the St. Charles Fishing Club please feel free to contact Brady Westin, Zach McClimon, John Martin, or Mr. Welsch.
